

Bob Johnson- "Relationship Based Safety/ Why we do what we do."

Safety is about our people, it's about building relationships, not statistics. We will discuss how to build relationships and why we do what we do.

John Ritter- "AGC National Construction Safety Excellent Awards"

The AGC Annual Construction Safety Excellence Award (CSEA) recognizes those construction companies who excel at safety and health performance. AGC's CSEA selection process is considerably comprehensive; this is the only reward that you have to physically compete in to win. In this presentation you will hear two perspectives, a judge and a contractor. Jeff Clyde will be sharing his perspective from a contractor's view on the CSEA.

Collin Brian- "Major Causes of Traffic Related Deaths"

Bill Oglesby- "Minus Communication"

Minus Communication is a little bit of positive communication mixed in with some negative communication with some omission of quality communication on the side. It identifies that the way a message is communicated, not communicated or received. It also points out how our personal biases can sabotage the effectiveness of the message being communicated.

Maxcy Hanna- "Rail Construction and Grade Crossing Safety"

How many railroads crossing do you cross every day?

Do you understand what safety features are in place and why?

This presentation will answer some of your questions about your grade crossing safety. The more educated we are about the safety features that surround us, the safer we will become.

James Johnston- "Local Emphasis Program for Construction-The Big-4"

David Alger- "Arc Flash Electrical Safety "NFPA-70E"

Bryan Olsen- "How Employees can Control Workers Comp. Cost"

Controlling Workers Compensation Costs

It is very important to understand sound workers compensation management principles and how to implement them into business management systems. This course will explain the basics of workers compensation pricing and how you can help control the cost of workers compensation insurance.

Lee Melrose- "Silica Exposure"
